

## WOMAN TAKES POISON—WORKMAN BOILED IN VAT OF LYE—BOLD ROBBER IS CAPTURED.

### WOMAN TAKES LIFE.

#### Louise Jackson Ends Her Career By Taking Poison.

Miss Louise Jackson, a prepossessing young woman aged 24 years, committed suicide this morning at the home of Josie Harper, 462 Rose street.

The Jackson woman has been drinking heavily of late and on several occasions threatened to end her reckless career.

The home in which she was living was one well known to the police. The friends of the young woman tried to induce her to change her mind, but she insisted that she could no longer follow the life she was leading. For the past week she has been drinking exceedingly heavy and her friends thought that most of her talk was the result of too much liquor.

Last night the young woman left the house and went to a nearby drug store and purchased ten cents worth of laudanum. During the night she made all preparations for death. At 8 o'clock this morning she took the poison. A few hours later groans were heard issuing from her room and the inmates of the house broke upon her door only to find the woman unconscious and dying. A physician was summoned. He tried his best to save the unhappy woman, but his services were in vain and she passed away.

The body was taken in charge by Deputy Coroner Quillen and was removed to the morgue where an inquest will be held.

The Jackson woman was well known in the lower circles of the city. So far as known she has no relatives in Oakland.

### JAS. TILLMAN WANTS MORE TIME.

JAMES H. TILLMAN.

COLUMBIA, S. C., April 8.—Following yesterday's indictment by the Grand Jury of Former Lieut.-Governor James H. Tillman, for the murder of Editor Gonzales in this city last January, counsel for the defense this morning asked for a continuance of the case until the July term of court and the request was granted.

The ground upon which the continuance was requested by the defense was the absence of two witnesses, who, the defense alleges, are of great importance to the case. It is stated that one of the witnesses, Captain W. J. White, is to testify that Mr. Gonzales went to the State House before the

tragedy and inquired for Tillman, stating that he had once made Tillman "show the white feather and would do so again."

The defense also claims that a Miss Roper, a trained nurse who claims that she heard Gonzales bitterly denounce Tillman, could not be present today.

The prosecution, through Solicitor Thurmond and Colonel Andrew Crawford, argued that the defense had not complied with the ruling of the court and that there was not sufficient showing on which to ask for a continuance.

### KILLED IN A TORNADO.

HANCEVILLE, Ala., April 8.—A tornado passed over Hopewell settlement, one half mile north of here, at 2 o'clock this morning and as a result, eleven persons are dead, four fatally injured and a dozen more or less seriously hurt, while the destruction to the property is heavy.

#### THE DEAD.

HENRY MCCOY, and three children.

C. C. ODEN and three children.

JOHN GIFFIN, wife and son.

FATALLY INJURED.

Two children of Henry McCoy.

Two children of C. C. Oden.

SERIOUSLY INJURED.

Mrs. Oden and one child.

Mrs. McCoy.

Among the less seriously hurt are R. C. Quick and family of five. The names of the other injured have not been ascertained.

The storm came from the south-east and its run was so terrific that it woke many people, some of whom fled from their houses in time to escape death by having the houses blown down on them.

Buildings were tossed about like paper boxes and several structures were blown a hundred yards or more.

The body of McCoy, who was a prominent farmer, was blown 200 yards and landed in a sand pit. The house of Mrs. John Norton was blown down, but the family escaped by crawling under the bed while the timber and brick fell on top of the bed, breaking the force of the fall.

The houses of the Oden and Griffin families were smashed to splinters, and it seems marvelous that any of their occupants escaped death. Trees were uprooted in all directions and many were blown across the Louisville and Nashville Railroad track, delaying trains for a time.

The roar of the storm was heard at Hanceville, where it awoke many people, but no damage was done here. As soon as the destruction wrought became known here, rescuers hurried to the scene to give attention to the dead and wounded. The death list at noon stood eleven, and it is possible that it may be larger.

### DIMMICK WILL SEEK NEW TRIAL.

SAN FRANCISCO, April 8.—Ex-Chief Clerk of the Mint, Walter Dimmick, was arraigned in the United States Court today for sentence, having been convicted of the charge of stealing \$30,000 from the Mint.

Attorney Collins stated that he desired to make a motion for a new trial and it would take him some time to prepare the papers. He was granted a ten days stay of proceedings.

### MINERS MAY GO ON A STRIKE.

STOCKTON, April 8.—A strike of the miners of the gold mines of Amador county is imminent. Unless demands made by the union of the mine owners last Wednesday are acceded to by this evening, steps to declare a strike on Friday will be taken at once. The union is 500 strong, and a strike would tie up the

### BOLD CROOK CAUGHT

#### His Victims Were Women in the North.

SACRAMENTO, April 8.—Detective E. G. Lane of the Seattle police department, arrived in this city this morning with a requisition from the Governor of Washington on Governor Pardee for the return to that State of Eugene F. Boucke, who is wanted at Seattle for committing a series of the most daring robberies ever committed in that city.

Boucke was arrested here last Saturday.

Detective Lane told of Boucke's operations in Seattle. His daring rackets him as one of the most dangerous men who ever operated on the coast. For many weeks he mystified the police department and terrorized the residents, particularly the women of that city. Last fall, a woman was accosted at dusk in one of the suburban districts by a man who choked her and took her jewelry. A few evenings afterward, another woman was held up on the street, being relieved of her purse, rings and watch.

The police department had been trying to capture the daring highwayman but had no clue to work upon, except a faint description, notwithstanding the fact that the "robber" was unmasked.

A few nights later a robbery of the same character occurred. Then followed a series of robberies in which two men operated. In three cases the homes of wealthy residents were raided by two men, while the families were at dinner. With drawn revolvers they would threaten to kill the first person who made an outcry. The robbers carried ropes with them with which they would bind all the diners to their chairs and then slip pillow cases over their heads. After this they would ransack the house at their leisure, taking money and jewelry. In the meantime women were being robbed in their homes at dusk upon their return from cashing an order at the postoffice and all the crimes have been traced to Boucke but the Seattle police have not been able to learn who his confederate in the "tie-ups" was.

Before Boucke could be taken into custody by the Seattle police he fled to San Francisco, leaving a wife and three children without means of support.

He was later located in that city, where he was working for the same insurance company which employed him in Seattle. When the San Francisco police went to capture him, it was found Boucke, who was there known by the name of Tennant, had left. He was arrested here on a description furnished by the Seattle authorities.

While in this city he worked as an insurance solicitor, giving his name as Forrest. In his flight from Seattle, Boucke was accompanied by a woman named May Miller, who is now in this city.

### FELL INTO A VAT OF BOILING LYE.

#### Patrick Clark Meets With Terrible Accident at the West Oakland Yards.

Patrick Clark, who has been employed in and about the machine shops in the material gang at the West Oakland Yards was the victim of a horrible accident this morning shortly after 9 o'clock which may result in his death.

He was engaged in rolling a big piece of steel from the hot caustic soda vat when he slipped and fell into four and a half feet of boiling concentrated lye, seventy-five per cent strong, feet first and was scalded up to his shoulders. His companions were to his rescue almost immediately but caustic soda or lye works quick and he sustained such awful burns that it is very doubtful whether he will recover.

#### THE BOILING VAT.

The big vat contains fully four feet of boiling water and caustic soda or lye over seventy-five per cent strong and is used to boil old pieces of steel to free them from grease and paint. It is so powerful that only a few minutes suffices to remove every vestige of paint and it was in this that Clark fell.

#### A GHASTLY SIGHT.

Clark was a ghastly sight when he was pulled out of the vat and suffered untold agonies, being conscious throughout. The clothing was almost entirely eaten off of the man and large pieces of skin and flesh were hanging by slim pendants on different parts of his body. Wherever he was touched pieces of flesh would come off. Everything was done to relieve the sufferer and Doctors Dunn, Olmsted and Meigs were quickly on the spot and until the ambulance arrived from the

Southern Pacific hospital in San Francisco, when he was removed to that hospital and there will receive the best aid known to the medical profession.

#### TERRIBLE AGONY.

While waiting for the ambulance, the victim suffered terrible agonies and was constantly moving. At every movement a big piece of flesh would be left at the last place of contact. His condition was awful and the strong men who were gathered about turned away at the sickening sight. The doctors worked long and faithfully with the victim and everyone about the yard was ready to do all in their power to relieve the pain.

#### LITTLE CHANCE.

There seems to be little or no chance of recovery for the flesh has been so thoroughly eaten into by the caustic soda and the effect is even worse than a severe case of leprosy. Every effort is being made to save the man's life and if they are successful it is probable that he will be incapacitated for work for the rest of his life.

One and all agree that it was the worst accident that has ever occurred in the history of the yard.

Clark is a single man and resides at 1728 Fifth street. A brother, George Clark, is also employed in the machine shop and accompanied the victim to the Southern Pacific Hospital.

Dr. J. P. Dunn who attended the patient said:

"It was one of the worst cases I have seen for many a day. The burns are necessarily fatal. The young man's body was raw all over. His agony was something awful to witness."

### WANTS PEACE FOR THE CHRISTIANS.

LONDON, April 8.—Parliament adjourned today for the Easter holidays.

During the usual discussion of foreign affairs prior to an adjournment, Premier Balfour referred to the Balkan situation. He said the saving feature was the cordial co-operation of Austria and Russia with the view of improving the condition of the Christians. These two powers were more directly interested than any others and what could not be accomplished by them he had feeble hopes that the other signatories of the Berlin treaty, anxious as they were to end the intolerable state of things, would be able to devise any cure for the sore disease afflicting that portion of the Turkish Empire. The Government, Mr. Balfour continued, was considering sending British officers to accompany the Turkish troops engaged in the suppression of disorder, with the view of acquiring some guarantee that no excesses were committed.

### Frenchman Testifies He Saw Mrs. Fair Died First.

NEW YORK, April 8.—The hearing on the will of the late Charles N. Fair, who was killed in an automobile accident in France last August, was resumed today. Mrs. Hannah Nelson of Newmarket, N. J., mother of Mrs. Fair, seeks to show that Mr. Fair died before his wife.

Lucien Mas, the Frenchman, who testified yesterday that when he reached the scene of the accident he found Mr. Fair dead and Mrs. Fair breathing, was again on the witness stand. Mas was questioned about an interview he had had with M. Picard, a French Secret Agent, regarding the accident. Mas said he had refused to tell Picard who was with him and whom he had been when he witnessed the accident, because Mas and his friend, M. Picard, had been to Douville with women and did not want their wives to know about it. Mas said he had not described the accident to M. Picard differently from his description at this hearing.

When counsel for Mrs. Nelson objected to the cross-examination as to what time Mas boarded a train after witnessing the accident, opposing counsel said it was most important "as it shows Mas was not at the place at all."

## HOBSON TO MAKE FIGHT.

Will Get Even on Man Who Turned Him Down.

SAN FRANCISCO, April 8.—Richmond P. Hobson, former lieutenant in the navy, a "hero" of the Spanish-American war, and now a lecturer, is to be a big figure next autumn in one of the bitterest, most sensational and altogether unique political fights known in the history of politics.

Hobson wants to go to Congress. He will fight for the seat of the Alabama Congressman who balked him in his wish with regard to future service in the navy.

Congressman Bankhead is that individual. He spoiled Hobson's plans. Now Hobson will try to make a political career of Mr. Bankhead's political career. "Revenge," said the philosopher, "is sweet to the subdued." Hobson may not be a subdued man, but his request, made to Congress, was "turned" down.

That's why there is to be a red-hot fight in Alabama politics pretty soon, with Hobson at one end of the lists and Mr. Bankhead at the other and a seat in Congress as a question for the victor.

HOBSON TALKS FREELY.

Richmond P. Hobson explained this morning to a circle of friends at the Palace Hotel why he signed from the navy and why he is seeking political office. He never before has talked so freely of either matter. They are delicate subjects, but definite statements were made by the young naval hero in discussing them.

How Hobson was forced to resign from the navy is a story that has been told hitherto in part.

"In Manila, my eyes failed me," said Hobson, "and I had then examined by a medical board. They found my eyes injured as I represent. The board consisted of Surgeons F. J. B. Corbitt, Oliver D. Morton and General Pickens. That board met at Cavite June 4, 1898, made an ophthalmic examination and reported unanimously that my malady was retinitis, its probable future duration indefinite and its origin 'service in the tropics.' As a result of this report I was invalided to the hospital at Cavite, Manila, and then to the United States. At Washington I was examined by the naval retiring board, and petitioning for retirement from the navy. They made no ophthalmic examination, however, because I assured them that my vision was good and could do duty. At the time, the danger lying in the future should I take up the trying work of the construction corps. The board said they had no jurisdiction over matters of the future and they could act only on the capacity to work and become injured or disabled for duty. With retinal trouble such incapacity would be equivalent to blindness."

ROOSEVELT APPROVED IT.

"My only chance of recovery lay in avoiding such work as that of the construction corps. I asked Congress for relief. I did not ask for relief from the district approval of naval authorities, as has been said. Every official in the navy, from the President down, who could be considered as having an interest in the matter, approved my application. The President sent it to Congress in a special message of endorsement. Senator Morgan of Alabama approved it, and the naval committee in the Senate reported it favorably. I asked Congressmen Bankhead, who was then in the House, to come for me to measure and he was defeated in the committee by his Democratic colleagues. This last avenue of relief being thus closed and my eyesight and future usefulness being at stake, I was forced to resign."

"Now it is that Bankhead will find himself opposed a naval hero when next a Congressional election is held in Alabama. Hobson has been offered \$10,000 a year by a private ship-building concern to engage in professional work, but until his eyesight is completely restored he will not be able even to consider such proposals."

At this time he cannot read even the newspapers.

CAPTAIN BIRDSALL IS VERY LOW.

SAN FRANCISCO, April 8.—Captain George Birdsall, one of the oldest members of the San Francisco Police Department in point of service, is lying at the point of death at his residence, corner of Page and Stanton streets, and his demise is only a matter of a few days, if not hours.

The malady which has stricken low one of the most valued and popular officers of the department is paresis. The disease attacked him six weeks ago and on the advice of his physicians he gave up his duties and went to Paradise Hot Springs in the hope that vigorous treatment might benefit his health. The disease did him little good, however, and he continued to get worse. It was thought best to send him home. Since his arrival on Sunday he has been steadily sinking.

Dr. Shumate, the attending physician, said today that there was no hope of Captain Birdsall's recovery. At best it was a mere matter of lingering a few days and then the end which is inevitable must follow. The news of the serious nature of the Captain's illness has cast a gloom over the Police Department.

DIED IN HAWAII.

HONOLULU, April 8.—(By Pacific Cable to the Associated Press.)—J. B. Atherton, one of the richest and most influential men in the Hawaiian Islands, died last night after an extended illness. Mr. Atherton was largely interested in the development of the sugar industry of the country and in addition to his extensive sugar interests took an active part in the management of several of the corporations and business enterprises.

## WIFE OF CHINESE WINS.

She is not Guilty of Charge of Vagrancy.

SAN FRANCISCO, April 8.—Mrs. Chan Ah On, nee Williams, appeared in Judge Cabanis court today to answer to a charge of vagrancy preferred against her by her mother, Mrs. Ellen Williams.

The young woman won notoriety by wedding a Chinese native son at the Chinese Presbyterian Mission on March 29 because she said "he was kind to her."

Inasmuch as the couple had assumed marital relations for some time prior to the ceremony, no marriage license was issued, nor was there a record of the marriage. This was due to the contention of the bride that she was over the legal age.

Mrs. Williams swore in court that her daughter was born on September 24, 1885, and not on the same date of the previous year as alleged by her daughter.

Attorney McGowan, who represented the defendant, said the court had no jurisdiction in the case and moreover there was nothing to support the allegation of vagrancy upon which she was arrested.

Judge Cabanis said he could do nothing and that the mother must appeal to the Superior Court for an annulment of her daughter's marriage on the ground that she is a minor. This will very likely be done tomorrow.

REBELS KILLED IN BATTLE.

CAPE HAITIEN, Hayti, April 8.—A special messenger of the Government who arrived yesterday at Cap-Haitien, from Santo Domingo, announces that 3000 Dominican Government troops are at the gates of Santo Domingo City, that they have captured the suburb of San Carlos and that three revolutionary generals have been killed, including Perico Pepin, one of the principal leaders of the revolution.

President Vasquez was preparing to attack San Domingo when the messenger left.

The inhabitants of the districts of Monte Cristi and San Lorenzo de Gueyubin, Santo Domingo, have taken up arms against the Government, but President Vasquez believes the revolutionary groups will easily be dispersed if the government troops regain possession of the capital.

PARCELS POST TREATY.

WASHINGTON, April 8.—M. Margerie of the French Embassy today conferred with Second Assistant Postmaster-General Shallenbarger regarding a parcels post treaty. A tentative draft of a treaty between the two governments was discussed along the lines of the German agreement. The draft of an agreement will be submitted to the Paris Government for its consideration later on.

RIOT IN DENVER JAIL.

DENVER, Colo., April 8.—The police and fire departments were called to the County Jail today to quell a riot. Four desperate prisoners, armed with revolvers, overpowered Guard Murphy and secured his keys. One shot was fired at Murphy, but he was not injured. Being unable to open the outer doors the prisoners finally surrendered. It is not known how they obtained weapons.

## TONGS AGAIN AT WAR.

Chinese Killed on the Street This Afternoon.

SAN FRANCISCO, April 8.—The tong war has broken out afresh in the Chinese section of the city. Yee Ah Ting, a Chinese fisherman and a member of the Suiyong tong, was shot and instantly killed this afternoon, presumably by Fung Keng tong highlanders, at the entrance of 832 Washington street. One Chinese, who refuses to give his name, is in custody, but Yee Ah Ting, believed to be the leader of the gang, is still at large.

Yee Ah Ting, the murdered man, had just passed Ross alley on his way to his residence, 82 Washington street, when the men who did the shooting stepped out quickly behind him, fired three shots and their victim fell, mortally wounded.

After their victim fell the murderous gun-fighters fled down Ross alley, and while a great crowd, attracted by the shooting, gathered at the scene immediately after Yee Ah Ting fell, all claim not to have caught a glimpse of his assassin.

Among the first to reach the scene were members of Chinatown police squad, and Detectives Bailey and Bragg were dispatched from the central office by Captain of Detectives Martin just as soon as the news of the killing reached police headquarters. With Detective Ed. Gibbs they made a hurried search of the section, and soon had one man in custody and the name of the highlander supposed to be the leader of the gang.

THETIS SHORT OF FUEL.

SAN FRANCISCO, April 8.—The revenue cutter Thetis, which sailed Saturday last for Seattle, came back into the harbor today, short of fuel. She ran into strong head winds and seas and for over three days she fought against the storms, making little headway and all the time fast using up the small supply of coal that she had in her bunkers. She had only taken on enough to take her to the northern port and there was the intention of her commander to fill her bunkers to their fullest capacity. When Cape Mendocino was reached and there was no sign of diminution of the seas, Captain Healy decided it was best to head back for this port to replenish his vessel's bunkers. She had only a few tons of coal left when she dropped her anchor in the bay.

DIES FROM POISONED FRUIT.

FORT SCOTT, Kan., April 8.—Mrs. Henry L. Page, a daughter of Ex-Governor John P. St. John of Kansas, died here today of inflammation of the stomach, caused by poison eaten in some canned fruit recently at St. Louis.

WHAT'S IN A NAME?

Secretary Root says that the gift of a silver service to General Wood from a Hawaiian prince was "part of the expression of gratitude of the Hawaiian people toward the representative of the United States." Possibly it was, but in the wild Western capital of Indiana the gamblers call that sort of thing "rent."

CURES CATARRH.

"Hyomel the Most Wonderful Cure for Catarrh Ever Discovered," Says Mayor Yard.

Do not try to cure catarrh by taking drugs into the stomach; it cannot be cured in that manner. The only way in which this too common disease can be cured is through a direct application that will kill the bacilli of catarrh and prevent their growth.

Hyomel is the only known method of treatment that accomplishes this. It is the simplest, most pleasant and the only absolute cure for catarrh that has ever been discovered.

Thousands of uncollected testimonials have been received from the most prominent men and women in the country who have been cured by this remarkable remedy. Ministers, bankers, lawyers, even eminent physicians have sent strong testimonials as to the remarkable powers of Hyomel to cure catarrh.

Former Mayor Emory M. Yard, of Trenton, N. J., writes: "You have my permission to say that I believe 'Hyomel' to be one of the most wonderful cures for catarrh and throat trouble that has ever been discovered. In my case the effect has been marvelous. I enclose you money order for two outfits for friends of mine to whom I have recommended 'Hyomel' and who I am anxious shall have the benefit of this remarkable panacea."

The complete Hyomel outfit costs but \$1.00 consisting of an inhaler, dropper and sufficient Hyomel to last over a month. This will effect a cure in ordinary cases, but for chronic and deep-seated cases of catarrh, longer use is necessary and then extra bottles of Hyomel, (a month's treatment) can be obtained for 50c. It is not alone the best (it might be called the only) method of curing catarrh, but it is also the most economical.

Osgood Bros. have so much confidence in the power of Hyomel to cure catarrh, that they will for a limited time, sell this medicine under their personal guarantee to refund the money if the purchasers can say that it did not help them.

HE WANTS TO KNOW.

OAKLAND, April 8, 1903.

EDITOR TRIBUNE: I would like to know through your valued paper if the City Council has a light to give the use of the city's streets to the exclusion of the rights and convenience of its citizens, to any organization or body of men for their individual benefit and money profit?

It seems to me that such concessions should be advertised and bid for, let the same as any franchise, to be legal. Any private owner would have a chance to rent for the use of such premises. Why not the city?

The next I expect to hear is that some circus will have a elephant show and a full set of wild animals on Washington street. Yours truly,

## ROMAN SOLDIERS GIVE BATTLE TO STRIKERS.

Eternal City is Now Being Guarded By Military and Trouble is Feared.

ROME, April 8.—The aspect of Rome was completely changed early today. The gay crowded city of yesterday seemed dead. No cabs passed through the streets and even the street cars, which ran at long intervals, were escorted by police and were almost empty, as the people feared to ride in them on account of the strikers. The shops were open but the shutters were up as the proprietors intended to be ready for any eventuality. They were apprehensive of rioting and feared, as on other occasions, that their windows would be smashed.

The whole city was occupied by troops. Detachments of cavalry were posted on the aqueducts and special details of soldiers and police were stationed around the Vatican so as to prevent any attempt against the papal palace.

Foreigners continue to leave Rome, but many of them cannot get away as they are far from the railroad station and no cabs are obtainable and the hotel omnibuses can carry only a limited number of passengers.

If the strike continues and all the foreigners leave the city, it is said that the boarding-house keepers alone will lose on an average of \$15,000 daily.

Unimportant encounters between the strikers and troops took place during the morning, the former wishing to hold meetings which were forbidden, but the strikers were easily dispersed by cavalry charges.

During the morning an attempt was made by strikers to overthrow a street car but it failed.

Five hundred French immigrants started today and had some startling experiences. They got off at a station on the outskirts of Rome so as to avoid going through the city but there were no cabs and all kinds of wagons and cars were hired to take the pilgrims to the train. The men and women of the party arrived at the Garibaldi bridge just as a detachment of cavalry charged a mob and a scene of indescribable violence ensued. With screams and shots the pilgrims in their efforts to escape were scattered in all directions.

About the middle of the day the strikers succeeded in gathering in threatening numbers on the Corso Vittorio Emanuele although in the center of the city, and detachments of troops charged, fired three volleys and were reported to have been wounded. The officers reported that order had been completely re-established since noon, but Rome was still occupied by the military forces and the general strike continued. Many strikers were arrested during the day.

The Government has determined to have a sufficient force of troops on hand to maintain order under any circumstances and has issued instructions to send ten more battalions of troops to Rome. They will arrive here today.

The strike was much interested in the particulars of the strike. He said: "It is a sword with two edges." He expressed sorrow at the damage done the interests of the city and because the strike interfered with the Easter ceremonies.

Instructions were issued to close the churches wherever disturbances occurred and the prelates of St. Peter's met during the day to decide whether or not to suspend the Easter services, fearing that the strikers may enter St. Peter's and provoke disorder.

FORGIVEN BY PRESIDENT PALMA.

A romantic marriage came to light a short time ago, when President Palma of the Cuban Republic was notified by the Cuban Minister at Washington, Senor Quesada, of the marriage of his son, Jose Estrada, Palma, to Miss Mabel Jacobs, daughter of a wealthy tobacco merchant.

The young people had been attending an Eastern university for some little time before they first met. It was a case of love at first sight, however, and they decided on a secret marriage, hoping for forgiveness later.

Miss Jacobs, or rather Mrs. Palma, is a beautiful girl of Jewish parentage, and it was mainly on this account that the marriage was secret. President Palma's son fearing his father's wrath.

All is happy now, as Senor Quesada imparted the glad tidings that the young couple would be welcomed to Cuba by the President. They will depart immediately for Havana.

DITCH TO STOP FLOODS.

LIVERMORE, April 8.—The city has taken up in an earnest manner the subject of cutting a ditch, a short distance from town, by means of which the flooding of this place will be averted in future by the diversion of high water into Arroyo Mocho.

This was shown this afternoon by the enthusiastic meeting of Town Trustees, Supervisors and citizens which was convened in the Town Hall at 4 o'clock and which was called for the purpose of specially considering that subject.

The hall was crowded, all the leading merchants of the place evincing their interest in the project.

Trustee Murphy presided.

The members of the Town Board showed how the city had been invaded by a damaging flood, several days ago and explained how by the cutting of the ditch in question the flooding of goods could be prevented for all time.

It was also shown that the cost of condemning the property on which the ditch is to be cut, and for the digging of the ditch would be very light cost, considering the advantages to be derived.

Supervisors and Trustees then went out to examine the site of the proposed ditch and later, will ask for specifications, details and estimated cost of the proposed improvement.

MRS. C. L. SMITH NOT SUBJECT FOR INSANE ASYLUM.

Cora L. Smith, wife of L. Smith, motorman in the employ of the Oakland Transit Consolidated, was examined before Judge Hall this afternoon as to her sanity. When the examination was completed, the woman was released for the use of a chair.

According to the testimony, Mrs. Smith has been at invalid for many years and to allow pain has become addicted to the use of morphine and other drugs, and it was to affect her reason. By the advice of the doctors, Smith took this course in order to get such care and treatment as she was unable to get at home.

## ENDLESS CHAINS GENERAL STAFF IS NAMED.

SUITS OVER AN INJURED HORSE COSTS OWNER \$1,000.

A decision rendered by Judge Ogden today sets forever at rest a series of suits over a horse that promised to go down into the annals of jurisprudence as a record-breaker. The plaintiff in the case is Jasper Jackson, who some years ago negotiated the sale of a valuable horse to Bondy Crocker. The horse was of trotting stock and credited with a record. Before Crocker paid for it, however, he was given an opportunity to try out the animal and with this end in view, took the horse home and sent his negro hostler out with the animal to warm him up the horse ran away and broke up the vehicle to which it was attached and injured itself so badly that it was useless.

Crocker refused to take the horse or to pay for it and Jackson brought suit in the Justice Court to recover the amount at which the animal was valued. He was awarded the decision and the case was appealed by Crocker and the latter again lost.

Jackson having won his suits then brought suit for the keep of the horse during the time intervening between the accident and the rendering of the decision. He won the suit and it was appealed by Crocker, and Crocker again lost.

The ruling of the Justice Court was that the horse was to be carried and fed until the wheels of justice could be so jogged that a suit could be tried between the parties. The decision and the decision rendered all on the same day. So long as the horse lived and eat it could be ground for more suits.

After Jackson had won his appeals on both suits he attempted to collect the money, and to this end the horse was advertised by a sheriff's sale. The sheriff bought in the horse and won the chain of circumstances was broken.

While he had possession of the horse, after the time of the first verdict, it was the property of Crocker, and he could be sued for its keep. When Jackson advertised the horse, he was not to be sued, right and title to the animal reverted to him.

There still remained a "balance due" for the time between the rendering of the second judgment and the sale of the horse at Sheriff's sale, and the case was appealed by Crocker and today Judge Ogden again found for the plaintiff and awarded \$1,000 to the plaintiff and \$225 for costs. The horse has cost Crocker something over a \$1,000.

SEEKS DISBARMENT FOR BRIBERY.

NEW YORK, April 8.—District Attorney Jerome has preferred charges before the Bar Association against Edward J. Kohler, who is interested in the appeal of Albert T. Patrick against the latter's conviction for the murder of William M. Rice. Mr. Jerome charges that Kohler offered a bribe of \$7,000 to Detective Sergeant Brindley to make a certain affidavit and he seeks to have Kohler disbarred.

Kohler was to deal with the treatment of Violet Jones in return for showing that Jones was promised immunity and that several of his confessions were untrue.

District Attorney Jerome also alleges that Brindley was to be employed permanently by Kohler to deliver information regarding the Patrick case from the District Attorney's office.

RESCUED WOMAN RETURNS HOME.

At noon today Mrs. Burgess, the woman who attempted to take her life by jumping from the ferry-boat Piedmont last night, was considered sufficiently recovered from her experience to proceed to her home.

Her husband came over from San Francisco earlier in the day and in his care she left the Receiving Hospital and returned to her home in San Francisco. She was still somewhat weak and her face was considerably bruised from coming in contact with the paddle of the ferry-boat. Both husband and wife state that there was no cause for Mrs. Burgess' act. In explanation of this, however, Burgess said that his wife at certain times was frightened and he believed her when she told him that she jumped from the boat in a fit of delirium.

SWIFT'S ESTATE WORTH \$12,000,000.

CHICAGO, April 8.—The will of Augustus F. Swift, late president of the packing firm of Swift & Company, was filed in probate court this afternoon. The estate is valued at \$12,000,000. The principal feature of the will was a bequest of \$100,000 to charity. The remainder of the estate is divided among the widow and heirs.

TOOK HIS LIFE.

SAN DIEGO, April 8.—Edwin W. Fredericks, who came here recently from Los Angeles, was found stiff in death at the foot of Thirteenth street this morning with two bullet wounds in his back. It is believed that he had been playing cards at a saloon last night and seemed in good spirits.

KELLEY, BRIBER, EXTRADITED.

ST. LOUIS, Mo., April 8.—Governor Dockery today issued a requisition on Governor Odell of New York for the return of Daniel Kelley, who was charged with offering a bribe of \$1,000 to a tenant Governor John A. Lee for the purpose of securing his influence in legislative matters.

TO LAY CABLE TO MANILA.

LONDON, April 8.—The cable steamers Anglia and Colonia sailed today to lay the remaining sections of the Commercial Pacific cable from San Francisco to Manila. It is expected that the cable from Honolulu to Manila, by way of Midway Island, the island of Guam, will be completed July 4.

TWO MEN FATALY BURNED.

BLACKWELL, Oklahoma, April 8.—Arthur Horstley, 14 years of age, was burned to death, and Arthur Yoakum was fatally injured, by a fire in Yoakum's restaurant, started by the latter pouring coal oil into the cook stove.

NOTICE TO OUR PATRONS.

We would request all parties who have placed orders with us for 1903 45c Cleveland or Tribune Bicycles to call for them as soon as convenient, as our second car arrived this morning and the stock is now complete. Leave at Bill, 20-24 San Pablo avenue, Oakland.

ROOSEVELT ARRIVES.

# NEWS FROM CITY OF ALAMEDA

## YOUNG VANDALS IN ALAMEDA.

DESTROY HOT HOUSE PLANTS AND LONGFELLOW SCHOOL TREES.

ALAMEDA, April 8.—A gang of vandals, presumably boys, committed a number of depredations here last night. They entered the hot-houses at 255 Railroad avenue and either cut down or mutilated a great number of ornamental shrubs and flowering plants. Not content with the commission of this mischief, the vandals went to the Longfellow School grounds, where they hacked or cut down a number of trees. The damage amounts to quite a sum.

### PERSONAL.

ALAMEDA, April 8.—Harry Webster of Warsaw, New York, who has been visiting City Clerk J. W. Gilgohly for several days past, leaves for Los Angeles, en route for home tomorrow.

Will Sharer of 712 Alameda avenue is ill at a San Francisco hospital.

Mr. and Mrs. John Ludwig are visiting at Alma, in the Santa Cruz mountains, for a couple of weeks.

Miss Blanche Spodis of 555 Cedar street has returned from a visit to Pasadena.

John Brock left Sunday morning for Karluk, Alaska, where he will accept a position as bookkeeper for the Alaska Packers' Association.

Mrs. C. L. Tisdale is visiting in the East.

Mrs. A. N. Lewis of 1625 Central avenue left today for Los Angeles. She will be absent from this city for several months.

### PATENT FOR AN ALAMEDA CITIZEN.

ALAMEDA, April 8.—Andrew W. Livingston of this city has been granted a patent in Washington for an attachment for locks.

### HORN IN TROUBLE.

ALAMEDA, April 8.—Louis Horn was arrested last night on a charge of disturbance of the peace preferred by his wife. The latter claims that her spouse beat her, but shows no efforts thereof. Horn was released on \$10 bond by Justice Cone. The date of the trial has not yet been set.

Horn and his wife have had a number of family jars, and a short time ago divorce proceedings were instituted, but later were withdrawn.

## DRIVER HAYDEN RECOVERS

EARLY ALAMEDA FIGHTER OF FIRE SURVIVES ATTACK OF ILLNESS.

ALAMEDA, April 8.—Driver Hayden of Cordus Horse, No. 6, is confined to his home with an attack of pleurisy. His condition has improved greatly during the past forty-eight hours and he is now on the road to recovery. Mr. Hayden is one of the oldest members of the Alameda Fire Department, and in the good old and well-remembered days of the volunteers, was foreman of the Citizens' Hook and Ladder Company.

## YEARLY DINNER OF UNITARIANS

PLEASANT EVENT WHICH WILL TAKE PLACE THIS EVENING.

ALAMEDA, April 8.—The annual dinner and election of officers of the Alameda Unitarian Church will take place this evening.

For a number of years it has been the custom of the congregation to gather together in this manner and after enjoying a banquet, to elect their officers for the ensuing year, thereby lending the charm of informality to the occasion.

Rev. Wesley Haskell was recently called to the pastorate here from Boise City, Idaho, and is doing much good work in his new field.

### CONCERT TO BE GIVEN AT UNITARIAN CHURCH.

ALAMEDA, April 8.—A concert, which promises to be of more than ordinary merit, is announced to take place in the Unitarian Church on the evening of Tuesday, April 14, beginning at 8:30 o'clock.

The following well-known Alameda vocalists will take part: Mrs. Charles C. Hughes, soprano, and A. Horatio Cogswell, baritone. Miss Margaret Davis will preside at the piano.

## NEW LIBRARY TO BE OPENED

DETAILS OF A STRUCTURE OF WHICH ALAMEDA IS PROUD.

ALAMEDA, April 8.—The date for the opening of the new Alameda Public Library has been set for Thursday, April 16. Preparations are being made by the Board of Library Trustees for an informal program of entertainment. When the building is opened, it will include speeches by prominent citizens of the State and orchestral music.

### PARTIAL PROGRAM.

Librarian Frank B. Graves informed a TRIBUNE representative that the program was far from complete, and that in fact, aside from short addresses by George H. Masick, president of the Board, and R. W. Mosier, secretary thereof, the list of speakers had not been made up.

The doors of the building will be thrown open to the public at 3 p. m., but this applies to the adult population only, as arrangements have been made for an inspection of the edifice by the school children on the Saturday afternoon and evening following.

### THE LIBRARY.

The structure is a handsome one, both in exterior and interior decoration, and is an ornament to the city. It is built of terra cotta brick, and has a frontage of 70.6 feet on Santa Clara avenue and a depth of 65.6 feet on Oak street. From the surface of the foundation to the ceiling is forty-eight feet in the clear. Broad, low granite steps give access to the veranda which is supported by handsome Corinthian pillars of special terra cotta brick. Inside the building are eight more of these pillars manufactured of a glossy white substance, which gives a very artistic and attractive appearance. There are no partitions on the main-room floor. Near the entrance vestibule two stairways give access to two galleries, one on either side of the building. A large glass dome in the center of the roof floods the building with light.

### DELIVERY DEPARTMENT.

In the rear of the main room is a semi-circular annex, close to which is stationed the delivery carriage. Above the line where the annex joins the main building there is a row of stained glass windows, whose beauty of coloring gives a charming effect when the building is illuminated. Arranged in chandeliers about the interior are 212 incandescent lights.

### LIBERAL DONOR.

Andrew Carnegie, the noted man of affairs and philanthropist, presented the city of Alameda with \$35,000 with which to erect a new library building, and the city has accomplished has been within that limit.

### GETTING READY TO MOVE.

Librarian Graves is busily engaged in getting things in readiness for removal

from the present quarters in the City Hall and hopes to be in the new building by the 1st of June. A shelf list of the thousands of volumes is being made, and as soon as completed all books in circulation will be called in, renovated and catalogued. Then the work of moving and re-shelving the books will begin.

### LIBRARY BOARD.

The members of the Board of Library Trustees, who supervised the erection of the building, are: George H. Masick, J. W. Barton, E. W. Masick, John Ludwig and Mrs. L. N. Chapman.

### NO QUORUM AT SCHOOL BOARD MEETING.

ALAMEDA, April 8.—There was no meeting of the School Trustees last evening, owing to the absence of three members, two of whom are out of the city, while the other was detained by important business.

Dr. E. M. Keys, in New York City, taking a special postgraduate course; C. A. Brown is in Mill Valley on business affairs, and J. R. Scan was absent because of business.

The two members present were Dr. W. K. Scott and President Frank Otis. As there was no quorum, adjournment was taken.

### EVIDENCE IN VETCH ATTACK.

ALAMEDA, April 8.—The date for the trial of Du Fosse and the McDermott brothers, three of the sextette of thugs who assaulted Officer Welch last Sunday night, has not been set. Judge Cone has refrained from so doing at the request of the attorney for Fosse, on the ground that the latter has not yet collected evidence for the defense.

### IMPROVE WEBSTER STREET.

ALAMEDA, April 8.—At the regular meeting of the West End Improvement Club this evening, it was a matter of the Webster street roadway and other subjects of general interest will be discussed.

### ASK FOR PROBATE OF WILL OF MRS. N. J. WOOD.

The petition for the probate of the will of Mrs. Nellie J. Wood, who died on the 28 of March at her home at 3949 Piedmont avenue in this city, was filed with the County Clerk today. The estate consists of real estate valued at \$10,500 and personal property consisting of moneys in bank and shares in the San Francisco Laundry Association and Cypress Lawn Improvement Company of the value of \$10,000. Henry H. Wood, husband of the deceased, Hazel E. Wood, and Myrtle G. Wood, the children, are the legatees and devisees under the will. For her son, Henry, no provision is made in the will as it is stated by testatrix that her husband will amply provide for him and to the daughters only jewelry and wearing apparel are left. The entire estate is left to Henry H. Wood, husband of the deceased.

### TWO BURNED TO DEATH AND TWO INJURED.

PHILADELPHIA, April 8.—Mrs. Yetta Brownstein, aged 30, and her two children, were burned to death in their home today. Two other members of the family are in a hospital in a critical condition. The fire was caused by the overturning of an oil stove.

## HONOR FOR A YOUNG CALIFORNIAN.

CARNEGIE INSTITUTE MAKES DR. ROSS RESEARCH ASSISTANT.

### ANT.

BERKELEY, April 8.—As a striking recognition of the high scientific standard maintained by the University of California, comes the appointment by the Carnegie Institute of Dr. Frank J. Ross, as research assistant in astronomy. The news that Dr. Ross had received this appointment with its accompanying honor reached the University this morning. Coming as it does just after the appropriation of a large fund for scientific work at Lick Observatory, and the appointment a little later of Dr. Wilczynski as research assistant in mathematics, the appointment of Dr. Ross confers a favor upon the University of California, in whose halls the brilliant young scientist has done the greater part of his work.

# CENTRAL LABOR COUNCIL IS NEARLY COMPLETE.

## Unions Will Elect Delegates to the Convention to Be Held on April 20.

The Council was called to order at 8 p. m. by President Perry. On motion the reading of the minutes of the previous meeting was dispensed with. COMMUNICATIONS RECEIVED. The Tallymen's Union made applications for affiliation.

From Los Angeles Council of Labor requesting that the Oakland branch of the Central Labor Council be organized. It would be placed under the protection of the Los Angeles branch discontinued advertising in the Times of that city by April 1, 1903. The request was ordered complied with by unanimous vote.

From joint committee of Building Trades and Federated Trades Councils and District Council of Carpenters, having in charge preliminary arrangements for formation of a central labor council as follows:

"To the Officers and Members of the Federated Trades Council of Alameda County, Sira and Brothers:—The Conference Committee of the Federated Trades Council and Building Trades Council in conjunction with the District Council of Carpenters, have about completed the labor the committee was selected to perform.

"The committee have met every Sunday since the 1st of February, and the plan of a central labor council of Alameda county, recently submitted to the unions of Alameda county for their action has met with almost a unanimous vote in favor of the proposition.

"The vote to date stands 920 for and 20 against the plan.

"The committee have, in order to bring about the desires of the unions, called for a general conference to be held at Kohler & Chase Hall on Monday evening, April 20, 1903, at 8 p. m. sharp.

The object of the conference will be:

"First—To devise a constitution and by-laws to govern the central labor council, subject to the approval of the membership on a referendum vote.

"Second—The classification of unions into department councils, which in turn will be affiliated with the central labor council.

"The representation to the conference has been fixed at two committees from each union, each union to select their committee and send the credentials to the central body which it may be affiliated. Committees must be selected from delegates to central body.

"Trusting the information herein contained is satisfactory, I remain, Yours truly,

W. E. SCULLY, Secretary of Committee.

The secretary was instructed to notify the unions to select their delegates in conformity with the request embodied in the communication.

REPORTS OF UNIONS.

The wage schedule of the Laborers' Protective Union, as presented, was unanimously endorsed.

The committee from the Box Makers' Union announced that the managers of the Oakland Box factory had agreed to the nine-hour day and a raise of 25 cents in wages, to go into effect one week sooner than demanded by the union.

The Textile Workers' union, which is to be affiliated with the central labor council, has a dance at Reed Hall last evening.

The Cooke and Walters reported that the boycott on the Puritan restaurant is progressing satisfactorily.

The report of the business agent was received and placed on file.

The Executive Committee presented

a report making the following recommendations:

"That the broommakers in the Home for Adult Blind be unionized, if possible, and that the secretary reply to the communication received from Vice-president Spaulding of the above named institution.

"That all money contributed to the striking stablesmen be paid to the secretary-treasurer of the Federated Trades Council.

"That the schedule of wages adopted by the Box Makers' Union be endorsed.

"That the Council protest against the revocation of the charter of the Tallymen's Union.

"That the Textile Workers' Union give the customary notice for putting into effect their demand for an increase of wages.

"That the secretary be authorized to procure necessary files for the orderly preservation of letters and other documents of the Council."

The special committee appointed to handle the matter of raising funds for building a co-operative union stable request all possible support of affiliated unions. They also requested that the Council authorize the use of its seal on credentials of the committee, and on a letter to be sent to the unions. Granted.

The matter of securing the co-operation of State officials in having brooms used in the various State institutions procured from the Home for the Blind was referred to the executive board of the State Federation of Labor.

The office of Executive Committee—Messrs. Edson P. Adams, Congressman Metcalf, G. B. Daniels were appointed a committee on transportation.

RAISING FINANCES.

In the matter of finances, a committee was appointed comprising Theodore Gier, chairman; John A. Britton, sol. Kahn, L. G. Barpe and E. L. Blair. Mr. Barpe was elected treasurer.

It was decided to have the United States regular troops and the boys from the Naval Training School on Goat Island to take part in the procession, and Congressman Metcalf and R. H. Chamberlain were appointed a committee to effect that result.

No bills are to be incurred by any committee or sub-committee without the consent of the chairman of the executive committee.

Hereafter, the headquarters of the committee will be at the rooms of the Board of Trade at 552 Twelfth street. The next meeting will be held at the call of R. H. Chamberlain.

RECEIPTS OF THE EVENING.

Tailors, \$3; Bartenders, \$2; Cooks and Waiters, \$4; Laborers' Protective Union, \$10 (for Stablesmen); Typographical Union, \$1.60; Musicians, \$4.50; Gas Workers, \$2.50.

P. B. PREBLE, Secretary.

CLERKS WILL MOVE.

The Oakland Retail Clerks' Union has under consideration a number of propositions calculated to benefit their organization.

Among other things to be discussed will be the employment of a business agent whose time will be divided between the local and that of the Drug Clerks.

A committee has been appointed to arrange for a social entertainment for members to be held next month. It is also proposed to secure other quarters for meeting purposes where the accommodations will be adequate for entertainment purposes once a month.

The local has withdrawn from the San Francisco District Council of Clerks.

Seven members were initiated Monday night.

The matter of forming a separate local of dry goods clerks is being discussed.

STABLEMEN'S UNION.

At the last meeting of the Stablesmen's Union officers of the ensuing year were nominated as follows:

For president, T. J. White and G. C. Reid; vice-president, Dan Hagg; recording and corresponding secretary, R. B. Holliday; treasurer, Alfred Ramsay; marshal, J. H. King; financial secretary, Executive Committee, Louis Harte, E. Rhos. Election will take place at the next meeting.

Keep an inventory of property, and Librarian Green was instructed to prepare such a document.

EGG HUNT AT EIGHTH AVE. M. E. CHURCH.

The annual egg hunt which is held under the auspices of the Eighth Avenue Methodist Church in East Oakland, will take place tomorrow. On that occasion, the hunt will be of a most elaborate character, much more so than any which has thus far taken place there. It will be intended for the pleasure of the primary department of the Sunday School and will be held on the lawn adjoining the church. There, 20 dozen of highly decorated and decorated eggs will be hidden in the grass and a quest for them will be entered upon by the primary class which comprises 80 little folks. The hunt will be entered upon at 2 o'clock in the afternoon.

# HOW TO RECEIVE NEW BUILDING TO BE ERECTED.

## ROOSEVELT. CONTRACTS ARE FILED FOR RECORD WITH THE COUNTY RECORDER.

There was a meeting yesterday afternoon of the citizens' executive committee having in charge the reception of President Roosevelt. It was held in the office of Mayor Orney. R. H. Chamberlain presided and reported, in effect, the result of the conference with the president's executive committee in San Francisco, which has already been published. A number of plans as to the manner of entertaining the President were suggested, but none were adopted, as it was found advisable to decide upon nothing until after a report could be received from the committee on the arrangements. The idea obtained that the President and party should be brought from Berkeley to this city in a handsomely decorated car, which is now being constructed for that purpose; that the President should disembark at Twenty-fourth street and be given a drive through the city, and that the school children should be drawn up on both sides of the streets on the line of the presidential drive. In this manner, President Roosevelt would be given an opportunity, if he felt so disposed, to address the people.

COMMITTEE ENLARGED.

The reception committee was enlarged at the suggestion of Mayor Orney, to enable three members to be appointed from Alameda.

The committee on conference with the San Francisco reception committee was instructed to have another talk with the latter committee, and insist that the President should be allowed to remain at least three hours in this city. This committee on conference consists of Senator Perkins, Congressman Metcalf, Mayor Orney, John A. Britton and R. H. Chamberlain.

Messrs. Edson P. Adams, Congressman Metcalf, G. B. Daniels were appointed a committee on transportation.

RAISING FINANCES.

In the matter of finances, a committee was appointed comprising Theodore Gier, chairman; John A. Britton, sol. Kahn, L. G. Barpe and E. L. Blair. Mr. Barpe was elected treasurer.

It was decided to have the United States regular troops and the boys from the Naval Training School on Goat Island to take part in the procession, and Congressman Metcalf and R. H. Chamberlain were appointed a committee to effect that result.

No bills are to be incurred by any committee or sub-committee without the consent of the chairman of the executive committee.

Hereafter, the headquarters of the committee will be at the rooms of the Board of Trade at 552 Twelfth street. The next meeting will be held at the call of R. H. Chamberlain.

## BIG RIVAL OF NATIONAL BISCUIT CO. ALL LANDS LOOK ALIKE TO HIM.

CHICAGO, April 8.—A dispatch to the Tribune from New York says: "A certificate of incorporation for the United States Biscuit Company has been filed in Trenton, N. J., with a capital stock of \$4,500,000. The new concern promises to be a powerful competitor of the National Biscuit Company. The financial powers behind the new company are not disclosed, but it is understood they are millionaire Chicago capitalists. It is reported in Wall street the new company will be organized as an adjunct of the beef combination, with Armour interests in control. The capital of \$4,500,000 is divided into \$1,500,000 7 per cent. preferred cumulative, and \$3,000,000 common stock."

PRESBYTERIANS INCORPORATE.

Articles of incorporation were filed with the County Clerk today of the First Presbyterian Church of Alameda. The new church, which was duly elected at a special meeting held for such purpose on the first day of April, as follows: P. W. Barton, J. E. Baker, Charles H. Bradley, A. J. Burger, E. F. Burrell, H. K. Jackson, W. C. Culbert, J. W. Brown, R. L. Simpson.

## STUDY ALASKAN BOUNDARY.

AMERICAN EMBASSY LACKS THE RECORDS WITHIN REACH OF CANADIANS.

NEW YORK, April 8.—The American Embassy is closely watching the Alaskan boundary dispute, cables the London representative of the Tribune, but is not taking an active part in the preparation of the case. It does not have access to the archives of the Foreign Office and cannot in making an exhaustive study of the documentary evidence relating to the treaty of 1825.

The new counsel appointed for the United States are expected to work up the case at Washington, and depend mainly upon the literal interpretation of the text of the treaty, and especially upon the records, windings or sinuosities of the coast in determining the method of measuring ten marine leagues. Minister Seton and his Canadian associates are studying the case, but with the hearty co-operation of the British Foreign Office.

A Fact Worth Knowing.

You can buy a genuine Columbus Buggy Company's vehicle at the San Francisco house, for about the same you will pay for an imitation, if you will take the trouble to investigate. The Columbus will not admit of as great a profit as cheaper stuff and many dealers say the average buyer does not know the difference. Look into the difference—it will pay you. We can show more vehicles 15 years old still running in Alameda County than all the other factories combined. The freight is the same on cheap vehicles that it is on good ones. We have to have a distributing house in San Francisco for the whole coast and the islands. Big stock to select from and cars constantly arriving. A SHAMEFUL MARRIAGE.

"Sir" Harry Woodrow Cooper, the notorious thief, swindler and bigamist, was surreptitiously married to a woman "salvation worker" at San Francisco last Sunday. Cooper or Chadwick, on the way of going to State Prison to serve a long term for forgery.

The minister of the church who solemnized this marriage sought to be paid in the streets. He has been himself the base designs of a thorough-going scoundrel of the "salvation" type. The marriage itself is a mockery of the will of the bride if it is not void by bigamous and criminal.

Unsophisticated people will wonder why Cooper wanted to marry this faded woman with crow's feet about her eyes and no claims to beauty or youth. The least simple minded society to send him things while he is in prison. He is an old jailbird and knows how nice it is to have somebody on the outside—a fool woman preferred—to send him such creature comforts as the prison authorities will allow.

He simply proposes to make use of the poor, washed-out creature whom he induced to go through a ceremony with him that is a mockery of the holy sacrament of marriage.

But the jail authorities must have been very careless or such a thing could not have happened. The incident is another illustration of the evil of allowing silly, sentimental women to hang around prisons on any pretense. They invariably become the dupes and tools of cunning rascals, who feign repentance and love in order to gain more complete control over their victims. Unless they are their relatives women should not be allowed to see men in prison. Save, of course, under exceptional circumstances.

It ought to be made a felony for a minister or magistrate to knowingly solemnize the marriage of a convict to a felon. No good can come of such marriages. It is a travesty on marriage for a woman to go through the ceremony with a man departing to serve a long term in prison. In Cooper's case the marriage is peculiarly atrocious, for the rascal has spent his life in conning and swindling women.

The announcement that Mr. Morgan will present his art collection to the nation comes close on the heels of the story of his being sold bogus masters at fabulous figures.

WARSHIP IN THE MISSISSIPPI.

The monitor Arkansas, which is now ascending the Mississippi river, is expected to reach St. Louis by April. She will be the second succeeding man of war to go that far up the river. It is stated to be the intention of the Navy Department to pay more attention to the navigation of the larger rivers by war craft, believing that difficulties may arise when the transit of warships through the streams will be necessary. The time is looked forward to when vessels drawing twenty feet of water can pass from the Mississippi into the Great Lakes, on which the United States is now forbidden by treaty with Great Britain to maintain men of war. If the Chicago drainage canal is ever made available for navigation, it will furnish an open gateway to the lakes for large vessels. The Welland canal, which is the only gateway at present, is in Canadian territory and leads out into the St. Lawrence river, which is virtually a British stream. Besides the Welland canal only permits the passage of vessels drawing sixteen feet of water. The Chicago canal will admit vessels drawing twenty feet. This will enable a large ship lightly ballasted to go through.

The plan of the British government to colonize South Africa is proving a failure. The discharged soldiers are disgusted with the country and insist on being sent back to England. Their stories have had the effect of discouraging all intending emigrants. The government has been anxious to people South Africa with farmers, workers, etc. from England to neutralize the power of the Boers, but the scheme looks like a failure. As the population of England grows denser there is an increasing reluctance to emigrate, and South Africa has received a thoroughly bad name among the working classes. Canada is now the favorite with English emigrants though a good many still go out to Australia.

The Bee complains that all the distinguished visitors are rushed through Sacramento in the night. Doesn't the Bee want them to carry away a good opinion of California?

There never was a time before when the Republicans were so absolutely indifferent as to whom the Democrats will nominate for President as at the present. Their conviction that Roosevelt will be renominated and re-elected is so rooted that they take no interest in what the Democrats may do or say. The condition of the country is generally satisfactory that Democratic opposition has degenerated to mere spasmodic kicking.

feeling the pinch of extreme poverty. The factory operatives see meat going up to prohibitory prices, and are further dissatisfied by seeing the cheap food turned away by their government going to their competitors in Holland, Belgium and England. They are being pinched and starved, but they are not checking American competition a particle. A choice cut of steak costs sixty cents a pound in Berlin, and the commonest cuts of the beef bring from thirty to forty cents a pound. In a country where a workman earns from seventy-five to ninety cents a day, this amounts to forbidding him the use of meat save on special occasions.

In consequence the working classes are going more and more on a vegetable diet. Meat is becoming a rarity on the tables of the poor. No wonder the socialists, who are mainly the workers of the great cities, protest against a program that is starving the masses to enrich the landowning aristocracy.

Evidently Melville E. Ingalls felt the sharp edge of the Bryan knife in Cincinnati on election day. This is a pretty strong hint for the reorganizers in other cities.

Some colored men in Kentucky propose to prove the capacity of the negro for self-government by going down to San Domingo and thrashing the natives into good behavior. They had better stay at home and hunt a job of plowing.

Those who have rashly concluded that New York is a faster city than Chicago haven't studied the divorce statistics. Chicago has exactly twice as many divorced people as New York, counting the actors and actresses.

THE REPUBLICAN TIDE.

The Democrats can get no comfort out of the recent municipal elections in the East. They have carried no city that they did not previously hold, and have lost Columbus, Ohio, and Kansas City, Kan., by decisive majorities. These cities now have Democratic administrations and Columbus is normally Democratic. They lost Cincinnati by an increased majority and carried Chicago by a much decreased plurality. Grand Rapids, Michigan, a Democratic city, elects the Republican ticket. Throughout Missouri, Kansas, Michigan, Wisconsin, Nebraska, Minnesota and Montana the Republicans more than hold their own. Even the capital of Missouri has gone Republican. Cleveland, Ohio, is the sole place where the Democrats made a conspicuous gain, and there Tom Johnson's success is due to his advocacy of three cent fares on street car lines.

In the name of the whole staff I desire to welcome you and your duties. We promise our cordial support in all that you may attempt for the good of the library. We also wish to express our gratitude for the kindness and courtesy on the part of the retiring board. Respectfully submitted, CHAS. E. GREEN, Librarian."

GIVE THANKS TO MAYOR OLNEY.

Mayor Olney has received the following letter from the Lullwater Club of Alameda:

"April 5, 1903.

"Hon. Warren Olney, Mayor's Office, Oakland, Cal.

"Dear Mayor Olney: I am directed by the executive board of our club to express to you their hearty thanks and high appreciation of the very able and instructive address with which you favored the club at our last meeting. I feel it was good sport on the ground and that the prejudice which exists in Alameda against a corporate merger with Oakland would not be manifest upon the proposition of working together on the water question. I trust we will be able to follow up on the ground work you have started, by further endeavors. I remain,

## WILL CALL FOR A SPECIAL TAX OF \$25,000.

### School Directors Rescind Action to Sell Center Street Lots—Salaries Paid.

BERKELEY, April 8.—At their meeting last night, the Board of Education rescinded their action of two weeks ago calling for the sale of the old high school property on Center street, and voted instead to raise the funds necessary to carry on the public school system by a special tax of \$25,000, to be voted upon at a special election some time in May.

This course taken by the school directors last night is the outcome of a decided opposition manifested by the different members of the Board of Trustees and a large number of prominent citizens, to the plan of selling the old high school lots on Center street. As the School Directors could not sell the property without the consent of the trustees, they recognized that it would be futile to attempt to raise money by that means. The alternative of a special tax was the only course left.

When the matter came up for discussion last night, the Board of Education, after a long debate, decided to rescind their action and to call for a special tax of \$25,000, to be voted upon at a special election some time in May. The Board of Trustees, however, had already voted to sell the lots on Center street, and the School Directors could not sell the property without the consent of the trustees. The Board of Trustees, however, had already voted to sell the lots on Center street, and the School Directors could not sell the property without the consent of the trustees.

## BERKELEY TENNIS TOURNAMENT.

BERKELEY, April 8.—At the tennis tournament to be held by the Academic Athletic Club, at the California courts, San Francisco, at 9:30 o'clock Saturday morning, for the championship of the league, Raymond Clinch will represent the Berkeley High School in the singles. The most dangerous rival whom Clinch is to meet is Carroll, of the Oakland High School, who is confident of winning. Besides Carroll, Clinch will have to meet men from the Watsonville High School and the Bates University of San Francisco.

The double tournament will be held on April 25th, and Clinch and McKay will represent Berkeley at that time.

WORK RESUMED ON MINING BUILDING.

BERKELEY, April 8.—Work on the Hearst Mining Building has been resumed. The steel for which the contractors have been waiting having arrived.

## MOSES NOT TO ACCEPT.

### HE WILL RETURN TO HIS POST AT THE UNIVERSITY.

BERKELEY, April 8.—Professor Bernard Moses of the University of California will not accept the presidency of the Philippine Commission, from which he lately resigned as a member. President Benjamin Ide Wheeler vouches for that statement yesterday. Professor Moses is on his way home and will resume his work at the University with the beginning of next term.

"Professor Moses informs me that he would not accept the presidency of the Philippine Commission even if it were offered him," said President Wheeler yesterday. "He is coming back to the University and I expect him about the middle of June, though he may not return until just before the term begins in August. He is making a trip westward and will visit some of the places in the Old World. He will be in Athens on April 12th, when he will proceed southward on his way. Upon the resumption of the University he will resume the office as head of the department of history."

Professor Moses was appointed three years ago by President McKinley a member of the Philippine Commission, being the choice of the Pacific Coast.

## OFFICERS ELECTED AT TRINITY CHURCH.

BERKELEY, April 8.—The following officers have been elected by the Epworth League of the Trinity Methodist Church for the coming quarter:

President, Arthur Cole; Vice-President, H. W. Irwin; Second Vice-President, Miss Grace Barstow; Third Vice-President, Miss Vivian Springfield; Fourth Vice-President, Miss Ruby Bell; Secretary, T. B. Bickford; Treasurer, Hubert Baugh.

## BERKELEY HIGH SCHOOL ENTERS STRONG TEAM.

BERKELEY, April 8.—At the semi-annual field day of the Bay Counties' League, which is to be held Saturday afternoon at the Berkeley club path, an unusually large number of men have entered from the different preparatory schools about the bay. With the other schools Berkeley has entered a strong team, which has a good chance of winning the meet.

## WILL PAY OFF THE NO PRIZES FOR DEBATE THIS YEAR.

### Winners of Intercollegiate Contest Must Be Satisfied With Glory Alone.

BERKELEY, April 8.—For the first time in the last several years, debaters of the Universities of Stanford and California must work for glory alone in the annual intercollegiate debate, as no cash prizes or silver cups is to be offered this year.

Senator Perkins inaugurated the custom some four or five years ago, of offering a cash prize of \$500 for the winning team, to be divided equally among its members. This prize has been offered for the last two years by Senator Moffitt and in addition to the money, the winning teams of last year and two years ago, received a handsome Hearst Cup as an added reward for their efforts. These inducements stimulated the rivalry between the two debating teams and made the intercollegiate debate one of the most exciting contests between the rival Universities.

It was not the original intention of having one man offer the prize from year to year, but to have different men, who take an interest in student affairs and particularly debating, to offer the prizes from year to year. Senator Moffitt has offered the prize twice and now thinks that it is the next man's turn.

The debate will be held at the Alhambra Theatre, San Francisco, on the evening of April 18th, the day of the intercollegiate field-day. If by that time some one has not come forward with an offer of a prize, the young orators must work alone for the glory of their respective Universities.

## GOOD GOVERNMENT CLUB ADOPTS A CONSTITUTION.

BERKELEY, April 8.—At their last meeting the Good Government Club adopted the following constitution:

The objects of this club are to keep before our citizens the necessity of their interest in public affairs to discuss and shape public opinion on all matters pertaining to the welfare of Berkeley; to secure the nomination and election of officers solely on their fitness for the office; to federate for this purpose the moral forces of the city and to encourage every wise project for the promotion of good order, prosperity and honor of Berkeley.

The members of the club shall be confined to the citizens of Berkeley.

"The Executive Committee shall have the general oversight of the interests of the club, arrange its various meetings and bring such subjects before it as shall best subserve the ends for which the club is organized. Fifteen members shall constitute a quorum."

Among the members of the club are the following well known men: Professor Fleish, Professor Edwards, Professor Soule, Professor Boone, Professor Ritter, Victor Henderson, W. M. Sanborn, M. L. Hanson, George Schmidt, Robert Greig, J. M. Foy, S. M. Wychoff, Dr. Farrar, Lyman Allen, Mr. Cameron and others.

The club has endorsed no candidate and will take no part in the town election Monday.

OAKLAND MAN'S PATENT.

## FORESTER PLANS AT HAYWARDS.

### ANNUAL BALL AND PICNIC HAVE BEEN MADE POSSIBLE.

HAYWARDS, April 8.—The brass band of Court Haywards No. 78, Order of Foresters, is planning to give its third annual ball on Saturday evening, April 15. The affair is being arranged by T. H. Thordahl, who is manager and leader of the band. The organization is composed of fourteen pieces, and will furnish the music for the dances.

The grand march will begin at 9 o'clock. A large crowd is expected, as this is the only affair of the kind given by the Foresters during the year. Last year, there were 1,500 people at the ball.

The Foresters' lodge at this place is one of the strongest in the State. It was organized in August, 1892, and has a membership of 210. It is one of the most prosperous lodges, financially, on the coast. The ball will take place in Native Sons' Hall.

CONCERT AT THE OPERA HOUSE.

On Friday evening, April 11th, there is to be given a concert in the Opera House by a company of talented musical artists. Miss Anna Oberlander, contralto, and Miss Julia Kinsey, soprano, both Haywards ladies, will be the chief performers. They will be assisted by the "Pianissimo," a trio of pupils in training the Misses Mary, Susan and Dorothy Parnore. The Haywards Ladies' Triplet Quartet, T. B. Jackson and Victor La Grave will also take part in the program.

BOYS ACQUITTED.

A. and Emil Peterson, aged 17 and 18, two Oakland boys who were brought before Justice Ramage on a charge of petty larceny were acquitted by the jury. The rule was returned of acquittal, as the boys were accused of stealing 245 pounds of heavy copper wire from the poles back of the San Leandro stone quarry on the night of March 20th. They came out from Oakland the night before and stole some wire. The owner, a Ramage, watched the place the next night and caught the boys as they were about to take some more wire. The two said that they had been sent there by a man in Oakland to get the wire and did not know they were stealing it. Their attorney, A. L. Frick, made a plea to the jurors, appealing to their feelings, so that they acquitted the boys on account of their age and previous good character. The officers believe they will catch the man who put them on the job.

## LIMBS BROKEN IN RUNAWAY.

### FRANK CODY OF SAN LEANDRO INCAPACITATED FOR FOUR WEEKS.

SAN LEANDRO, April 8.—Frank Cody, a well-known resident of this city, was in a painful accident recently, and it will be several weeks before he will be able to get about again. About 4 p.m., on the day of the accident, Mr. Cody became frightened at an approaching traction engine and ran. Cody was thrown out and received serious injury. Three of his ribs on the left side were broken as was also the fibula of the right leg. He was removed to his home on Orchard avenue, where the fractures were reduced by a painful accident recently, and it will be several weeks before he will be able to get about again.

The surgeon states that it will be at least four weeks before Mr. Cody will be on his feet again.

WILL GIVE A DANCE.

A grand ball will be given on the evening of April 11 in Holy Ghost Hall by the L. D. E. S. Music will be furnished by the San Leandro orchestra. The affair promises to be a great success.

WILLIAM TO GO TO PARIS.

LONDON, April 8.—The correspondent of the Daily Mail at Copenhagen telegraphs the statement that the German Emperor, before his departure from Copenhagen, on leaving the Princess Waldemar of Denmark, formerly Princess Marie of Orleans, intended to visit Paris, said: "We shall meet there."

The correspondent adds that he has other good reasons for believing that Emperor William intends to visit Paris.

## LEAKY OIL TANK CAUSES FIRE.

### TRAFFIC BLOCKED AT WEST BERKELEY FOR SEVERAL HOURS.

WEST BERKELEY, April 8.—All traffic on the West Berkeley local was tied up yesterday morning from 5:30 until after 9 o'clock owing to an accident. A leak was sprung in the oil tank of the engine and the oil caught fire. It burned fiercely for a while and the flames were finally extinguished but not until considerable damage had been done. Several hours afterwards elapsed before the tank was cleared so that traffic could be resumed. Most of the commuters had to go by way of Golden Gate.

COMMITTEE SELECTED.

A committee has been selected to raise funds for the reception of President Roosevelt on his visit to Berkeley. The Sixth and Seventh wards in West Berkeley are represented on the committee by Thomas Dowd, Charles H. Spear, J. T. Renas, C. Hoff, and C. Hadden.

SHOWS FREE.

The shows of the Herbal Remedy Company, which is here for this week, are free to the public every night except tonight and Saturday when a double bill will be put on and a small admission charged.

GONE EAST.

West Berkeley's clever little jockey, Roscoe Coleman, left yesterday for New York where he will ride this season under the colors of the Burns & Waterhouse stables.

NEW CHORISTER.

Professor Charles F. Morse has been selected for the post of chorister in the West Berkeley Episcopal church and has accepted the position.

ON A VISIT.

Miss Eleanor M. Kegan of Sixth street has gone to San Rafael where she will remain for a few days visiting friends.

HAS MOVED.

Mr. and Mrs. J. B. Turner who have been residing on University avenue have moved to Eighth and Bristol streets.

CONFINED BY ILLNESS.

Miss Anna Newirth is confined to her home at 221 Second street by a severe attack of the grip.

## FRATERNALISM IN ASKS FRANCHISE REAL ESTATE IS CHICKEN FREAK

### LOOKING UP. PROPERTY NEAR GOLDEN GATE. TWO LEGS MORE THAN NORMAL NUMBER.

EMERYVILLE, April 8.—At the meeting of the Town Trustees on Monday evening, a petition was received from the San Francisco, Oakland and San Jose Railway Company for a franchise to build and maintain a railroad in the town of Emeryville. At the same time, an ordinance was introduced which provides that the Town Trustees of Emeryville shall have the right to grant to the above named company a franchise for a railroad for the term of fifty years and specifies that the company may build single and double tracks of standard gauge, switches, slides, trestles, piers and wharves, and do all that is necessary to conduct a railroad propelled either by steam or electricity. It also provides that the company must pave, plank or mecca-mize the full length of the streets they traverse, between the tracks and for two feet on either side of the tracks and must keep them in good condition. Work must commence in good faith within six months after the passage of the ordinance and the road be in operation within one year from the commencement of the work.

INVITED TO MEET.

A communication was read from the Oakland City Council inviting the Trustees to meet with them for the purpose of considering the Santa Fe's petition for the closing of certain streets and named Monday, April 6th as the day. As the Trustees had a regular meeting of their own they could not respond, but the Council that they had appointed a committee who have full charge of the matter and would be pleased to meet with the Council. The committee consists of W. H. Christie, chairman; Trustees Steer and Emery.

TREASURER'S REPORT.

The town treasurer made his quarterly report at the last meeting. It shows a balance in the treasury of \$6437.29. The receipts during the quarter ending March 31 were \$1287.72 and the expenditures were \$2204.81. Of this last amount \$648.80 was paid out for the new town hall.

COMPANY A'S BALL.

Company A, Fifth Regiment, N. G. C., will give their opening dance Thursday evening, April 16, at the academy, 410 Twelfth street. The committee in charge is sparing no expense in making this ball one of the finest the company has ever given. The entire company orchestra of twelve pieces will furnish music for the occasion.

CALIFORNIANS ELECTED.

NEW HAVEN, Conn., April 8.—Among those elected to membership in the Yale Junior fraternities are: To Psi Upsilon: Henry Blanchard Spaulding, Santa Barbara, Cal. To Alpha Delta Phi: Charles Sheldon Judd, Honolulu, H. I.

GOLDEN GATE, April 8.—The local real estate market has assumed a healthy aspect and the prospect for numerous sales is quite bright. Later, there has been considerable inquiry for desirable property, both for purchasing and renting, but there will not be much activity as long as the prices are held at the present high figures. A building boom has been going on for some time past and there is quite a number of new residences completed and in the course of construction.

NEW COTTAGES.

D. Keene has let the contracts for a new cottage to be built on his lot on Fifty-eighth street, just above Park. It will be a strictly modern and up-to-date building and in keeping with the other new residences recently constructed.

WELL RECEIVED.

The evening talks instituted by Rev. Curran of the Golden Gate Baptist church are being well received and largely attended. They will continue every evening except Saturday. On Thursday evening, Rev. W. Gibson of San Francisco, who has gained considerable renown as a singer, will sing at the service. It is expected that an unusually large audience will turn out to greet him. The services begin at 7:45 and all are welcome.

CO-EDS WILL HOLD AN ELECTION.

BERKELEY, April 8.—At their election tomorrow the associated women students of the University of California will have but one candidate to vote for for the office of president, as Miss Virginia Whitehead, the prominent candidate for the place, has withdrawn her name, leaving the only one running for the office, Miss Martha Whitehead.

Miss Whitehead gives as her reason for resigning that the pressure of college and literary work will be too great next term for her to take part actively in the public affairs of the women students.

Miss Rice, who is now assured of the most important position that a woman at the university can attain, is one of the most prominent members of the present junior class. She is a member of the Phi Kappa Phi and Phi Kappa Phi and is working on the Phi Kappa Phi and Phi Kappa Phi.

Miss Rice is perhaps one of the most prominent literary women at the university.

IN HONOR OF LOUBET.

LONDON, April 8.—The British Government has ordered four battleships from the channel to proceed to assist at the reception of President Loubet at Algiers on his coming visit to Algeria, as a special compliment to France.

THE OLDEST RESIDENT DEAD.

ITHACA, N. Y., April 8.—Daniel Butler, aged 104 years, the oldest resident of Tompkins county, is dead at Enfield Falls near here.

## A NEW TRAIN.

The Reno passenger, No. 14, put into service by the Southern Pacific Sunday, April 5, will be appreciated by the traveling public. Leaving San Francisco daily at 7:00 p. m., Oakland 7:47 p. m., and Sacramento 11:00 p. m., it arrives at Reno at 7:00 o'clock next morning. The returning train, No. 13, leaves Reno daily at 8:00 p. m. and Sacramento 4:00 a. m., arriving at Oakland 7:04 a. m. and San Francisco 7:00 a. m.

Through Pullman sleeping cars in both directions. Train No. 6, leaving San Francisco 6:00 p. m., has first-class sleeping cars and dining-car, but no coaches. Local passengers between San Francisco and Reno should take No. 14.

## RAILROAD STORE GROWING.

RADICAL CHANGE IN OFFICES AT WEST OAKLAND YARDS.

The store department at the West Oakland yards is expanding at a tremendous rate. It is now necessary to occupy the whole building for the offices instead of only half as heretofore. Consequently, the resident engineer's assistant's office is to be moved to the old office building on the corner of Cedar and Atlantic streets with Superintendent Cutting. The partition in the store building which formerly separated the two offices has been torn down and as soon as the engineer's corps are moved out, the store office will be spread out.

In the past, each department has had its own stores independent of each other, but lately the central store has been established and all of the stores connected with the various departments are under this one head, which is the distributing point. A large force of clerks is kept busy attending to the store's business.

METHOD OF FEEDING  
A SIGHT-FEED LUBRICATOR.

The question of the best method of feeding a sight-feed lubricator was brought up at a recent meeting of the Pacific Coast Railway Club and, at the last meeting the question was discussed and was the subject of an able paper by J. C. Martin, road foreman of engines. He said in part:

"I wish to say that some years ago considerable experimenting was done with sight-feed lubricators, in order to create an even feed under the varying conditions, say from locomotive standing at rest to working at full stroke, or with steam shut off, and engine drifting. It was found that, upon using a very small feed-pipe from lubricator to steam-chest, and a comparatively larger one from boiler to lubricator, gave the most even feed that it was possible to obtain. In fact, not varying but little under the above conditions.

"With the choke plugs in the pipe line, they become warm after a time, and leave the feed valve without a regulator, therefore are not thoroughly reliable, leaving the device in about the same condition that it was prior to their use.

"It has been found that excellent results can be obtained by using 3-8-inch copper pipe between the boiler and the condensing chamber, and a 1/2-inch pipe

from lubricator to steam-chest. "We have some engines fitted up in this manner on the Coast Division, and they give most excellent results."

OLD LUNCH-ROOM HAS BEEN ABANDONED.

There is no longer a lunch-room in the broad gauge depot at San Jose and the space formerly occupied by it has been converted into a general telegraph office. All the trainmen now transact their business, of telegraphic nature, through this office and the wires from the freight offices, yardmaster's office and the general ticket offices have been removed to this new office. The telegraph office is on a large table and have accommodations for six operators. The department is under Superintendent H. F. Emley.

NOTES AND PERSONALS  
GATHERED ABOUT THE YARD.

E. L. Ludlow of the machine shop is laying off for a few days on account of a severe attack of the grip.

Engine No. 1492 was seriously damaged by fire at West Berkeley yesterday morning and was brought here for repairs. The damage was caused by a leak in the oil tank.

Fred Burke, who has held the position of foreman of the passenger track for some time past, has been promoted to the post of inspector and his territory extends from New Orleans to San Francisco.

## MEETING OF THE MERCHANTS EXCHANGE.

Secretary Walker of the Merchants' Exchange reported last night that \$10,000 of the subscriptions for the inter-county tunnel had been collected and that the subway itself was about half completed.

Director Vais of the Fifth Regiment band, which will soon commence the Friday evening concerts in the City Hall park, consulted with the exchange relative to securing finances for the resumption of the concerts at an early date.

W. H. Sohst and D. C. Brown were appointed a committee to wait upon the City Council to see if that body could not be induced to pay the musicians for their efforts.

The exchange endorsed the idea, the sentiment of the members being that if Sacramento, Stockton and Santa Rosa could pay for a band for the entertainment of the public, Oakland should not be less progressive.

## GEORGE T. MAHONEY NAMED SUPERINTENDENT.

### He Will Have Charge at the Reliance Club—Notes From the Diamond—Pugilism.

The board of directors of the Reliance Athletic Club met last evening for the purpose of selecting a successor to Walter B. Fawcett, the retiring superintendent. George T. Mahoney, who, although young in years, is one of the oldest members of the club, was elected.

A short time ago, at a caucus, Frank M. Cereni, the secretary, was selected for the post, but he was compelled to decline the honor for the reason that his business would not permit him devoting sufficient time to the duties of superintendent of the club. Mr. Cereni, however, still remains the secretary.

The annual luncheon of the club will be held on the 15th inst., and at that time a new board of directors will be elected for the ensuing year.

## GOSSIP FROM BASEBALL FIELD.

### SOME CLEVER PLAYS MADE AT THE GOLDEN GATE GROUNDS.

San Francisco did not allow Seattle to score in yesterday's game.

Pete Lohman's team was in bad form and Los Angeles galloped in, while Mike Fisher got another win up Sacramento way.

San Francisco, 5; Seattle, 0. But that doesn't tell about the wonderful game put up by Mike Fisher in the neighborhood of second base. While the game was a one-sided affair and features were not so plentiful, it was worth the gate tax to see the little second baseman spoil hits and make mistakes. They do tell that Burns is going with the opposition, but his playing of yesterday was of such an order that Harris can't afford to lose him. Burns was in the box for San Francisco and he had the Northerners nailed to the wall throughout the nine innings. Schock has had nice things said about him by the Seattle papers, but yesterday he didn't live up to the advance notices, his delivery was not good and of a poor kind. Briefly, Seattle got the short end because of Burns and Lohm.

"A Comedy of Errors" was played at Los Angeles yesterday, with Pete Lohman's man and Morley's men in the cast. About 1900 people saw the comedy. Angles made six runs out of seven hits and an inning to spare, while Oakland chafed eight hits and two runs. About everybody earned an error.

Cutter cut into the Portland stick artist at Sacramento yesterday, and a manner to make Mike Fisher shout for joy. Butler opened good, too, but his arm was not always right and at critical times of the game altogether. Seven to three was the score.

Manager Morley of the Los Angeles baseball team, in San Francisco on business other than the weather and baseball. His private property interests call him here, and he is delighted with the work being done by his aggregation.

A catcher, whose name is unknown, is on the way out from the East to play on the Los Angeles team.

Although the crowd was not so large as attended the Sunday morning game, the gate receipts were good, and for a mid-week game, the enthusiasm was well preserved.

The feature of the game yesterday was the inability of Seattle to make a run.

A young man dressed in a baseball uniform and mounted on a big black horse, traveling about the streets, is the novel method taken by a local management to advertise the game.

Pitcher St. Young is now back at the old stand and will go to his regular position for Mike Fisher. Martin Glendon will probably return to Sacramento also, and it wasn't the courts that made the two players return. St. Young says that the Stockton bunch are a lot of horse-fighters and not the kind of company he is used to. He says he will still do duty down south for another week.

While Pete Lohman went down south with the team, it is not expected that he will get into the game, as his lacerated hand is in such a condition that proper playing is out of the question. Lohm's next bid laid Pete out of the running was vicious to the extreme and did not win him a single friend.

They won't see Herr down Los Angeles way, for Lohman decided not to take his star pitcher with him, depending upon Doc Moskman doing considerable of the arm work. Herr heads the batting averages thus far, and he has shown that he is capable of doing features with the leather.

Jay Hughes will, no doubt, wear Sacramento clothes this season. It is true that the Brooklyn manager is after him, but Mike Fisher feels able to meet him, and he will see him in the field. With Hughes on his side he would have a team on a par with any in the field. Then again, Hughes' arm and family trouble in Sacramento are strong enough to keep him, especially when Fisher has offered him a snug sum.

Ed. Pabst of Milwaukee fame reached yesterday into the clouds in yesterday's game and pulled down a hit that looked fair.

It was worth the price of admission to the show out at Golden Gate to see Burns play his position in the vicinity of second base. He stopped seemingly impossible balls and to send the ball in his direction was fatal for the batter.

## IT IS UP TO THE COUNCIL.

### THERE IS A POSSIBILITY THAT BOXING CONTESTS MAY BE RESUMED.

There is a possibility that scientific boxing may be resumed in Oakland in the near future. At the last session of the Legislature a bill was introduced by Assemblyman Walsh, at the request of the Reliance Athletic Club, which legalizes boxing before reputable clubs and under certain restrictions as may be imposed by the governing body of the city in which such contests are held, and in the case

of Oakland it means the City Council. The bill passed both houses and was signed by the Governor, so that all that remains now is for the City Council to pass an ordinance, which will permit boxing contests for a limited number of rounds. Whether the Council will do this or not is another question.

In the past first-class boxing entertainments have been given by the Reliance and Acme athletic clubs, but since boxing has been prohibited all of the boxers have had to go to San Francisco for contests. However, there is hope that the ban on boxing will be removed and monthly contests resumed.

In this connection it can be said that boxing in this city was stopped on the eve of the Britt-Fitzgerald match, which was to have been held here. The boys were finally matched again and will meet in San Francisco this month. The California club has assured the Reliance Club authorities that in the event of boxing being resumed, he will meet anyone whom the club may select under its auspices.

## YOUNG CORBETT IS NOT MATCHED.

A number of match-makers have been after Young Corbett for some time trying to match him against Eastern stars of the prize ring and the latest is the effort of Hertz, the Chicago matchmaker, who has been trying to make it appear that Corbett is to meet Eric Lohm. This is not true for Young Corbett has a long theatrical tour ahead of him and will tour the Northwest doing stunts behind the footlights before thinking of making another match.

He has no objection to Yanger or anyone else who will make his weight, 127 pounds in the afternoon, and when he does make another match, San Francisco will be given the preference as the battle ground. It is quite likely that Young Corbett's next match will be with either Ben Jordan or Will Curley, of England, and more likely the latter for the reason that Jordan doesn't want to concede the weight to Corbett. Curley is strictly in Corbett's class as far as weight goes.

The prospects for a match between Britt and Hanlon are not extremely bright and the hit is in the matter of weight. Hanlon wants the same concessions that Britt has asked, a match with Young Corbett, but Jimmy says 130 pounds at six o'clock or no match. He was willing to do better than that to get a match with Corbett because it would be of material advantage to him to meet and defeat a champion while in touch with Hanlon he has nothing to gain and everything to lose.

## SPORTING NOTES.

A short time ago the Harbor Commissioners gave the Pioneer, Ariel and South End boating clubs permission to use a small artificial constructed boat house the 125 x 150 foot site opposite the oil works and near the Union Iron Works basin. The clubs went to work formulating plans and on Monday last they were notified to defer any operations until after the hearing of the petition of P. P. Dunne who filed a protest. The clubs naturally feel very much put out.

Negotiations are now pending for a professional wrestling match between Louis Hasselbacher of this city and Peter Bohland of Chicago. The conditions are 140 pounds, catch-as-catch-can for a purse and side bet; best two out of three falls.

Hasselbacher is considered to be one of the best 140 pound men at the game on the coast and has won several tournaments at the Olympic Club in San Francisco. Bohland is a stranger to the coast but brings a good reputation with him from the East.

There is a movement on foot to revive light harness racing in this State and A. B. Storchel has secured the Tanforan Park track for the Golden Gate Driving Association in San Francisco. Interest in harness races has been allowed to die out in the past few years but a good fall meet with inducements to attract the fastest drivers and spectators would soon revive it. The Golden Gate Association evidently intends to do something towards this end.

Entries are about to close at the Reliance Athletic Club for another chess and billiard, and also for a handicap handball tournament. So far the entry list is large and the members have been practicing diligently for several weeks past in anticipation.

Stanford University means to get all the practice possible before meeting the University of California in the second intercollegiate game on Saturday. They play the Oakland Independents this afternoon and tomorrow and Friday they will play the Butte team of the Pacific National League.

The first round of the council's cup tournament was played by the ladies of the San Francisco Golf Club at the Presidio links yesterday afternoon. The closest score and best golf was seen in the match between Misses Edith Cheesbrough and Florence Ives and was won by the former, the score being one up. The semi-final is played this afternoon and the championship will be decided tomorrow.

A letter has been received from Charles Gooch, who was one of the Reliance Club's crack bicycle riders for several years in Manila, where he has been several years. He has done some racing in the Philippines and has carried the Reliance emblem, which he wears on his racing suit, across the line a good winner several times during the past two years.

From all parts of the State come reports regarding the condition of the fishing streams which brings joy to the angler's heart. There seem more plentiful than ever and there is abundant sport for everyone.

George Ingersoll, the clever amateur boxer of the Reliance Club, has gone East for a year's trip.

AMSTERDAM, April 8.—The Workmen's Defense Committee has decided to proclaim a general strike of all the trades throughout the country.

MORE MONEY FOR LOCAL HIGH SCHOOL.

New Law Will Give Us in Vicinity of \$11,000.

The amount Oakland will receive from the State tax to be levied for the support of the High Schools throughout the State is a matter of considerable interest because the maintenance of our High Schools now approximates \$70,000 a year.

ADVANCING WORK OF ADVENTISTS

OPPOSITION TO PLAN OF SENDING POOR PREACHERS TO TALK UP RELIGION.

The Seventh Day Adventists occupied the morning session of their conference today at the Seventh Day Adventists' Church on the corner of Brush and Twelfth streets, with a spirited discussion on a resolution that was introduced to permit representatives of needy missionary enterprises to visit churches and families of brethren in well-to-do communities for the purpose of interesting them in behalf of their enterprises and to raise and collect money for the same.

POLICE RAID A SALOON.

As a result of a raid made late yesterday afternoon by Policemen Murray, Cockerton and Thompson a varied collection of tramps, ten in number, were in the Police Court dock this morning charged with vagrancy, the arrests being made in a saloon on a water front. The prisoners consented to be tried jointly, with the exception of two, and the date of trial was set for April 11th.

SCOTS OPPOSE TITLE OF EDWARD VII.

EDINBURGH, Scotland, April 8.—There was a curious scene at a meeting today called to make preparations for the forthcoming visit of King Edward to Scotland. Several of the local Scottish officials refused to have anything to do with the King until he dropped the title of Edward VII. The objectors protested that the title was an insult to Scotland. They added that, judging from the address he received at Lisbon, even the King himself seemed to realize that he was only King of England.

OIL-SHIP OVERDUE.

PHILADELPHIA, April 8.—The oil steamer S. V. Lucenbach, which sailed from Sabine Pass, Texas, March 21 for this city, has not been reported at the Delaware breakwater. The Luckenbach should have reached here early last week, and shipping men are becoming anxious as to the fate of the vessel.

PORTUGAL SOLDIERS MUTINY.

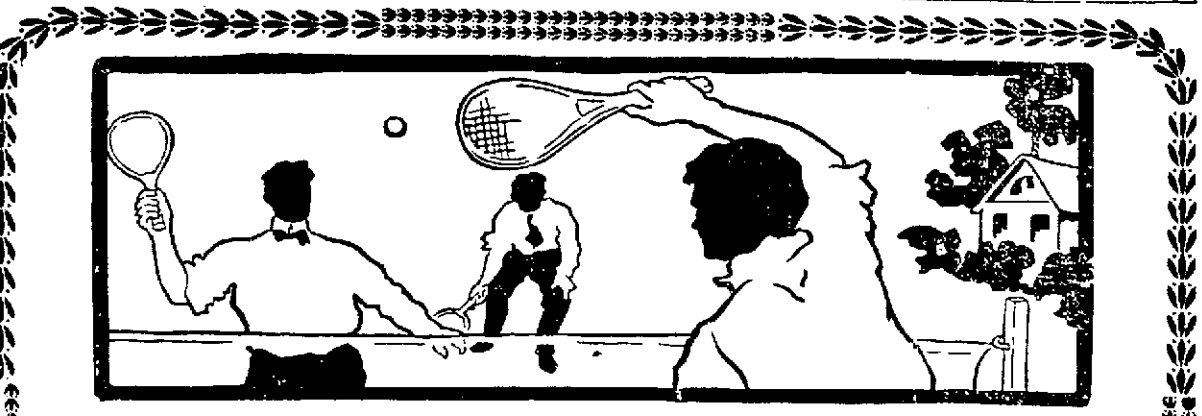

LONDON, April 8.—A speck from Lisbon says 150 men, belonging to the Eighteenth Infantry at Oporto, have mutinied owing to the belief that they were about to be sent to the Portuguese colonies in Africa. The men hold the barracks, shouting, "Long live the Republic!" and are threatening to shoot their officers if the latter attempt to approach.

WATER POWER PLANT.

TACOMA, Wn., April 8.—An order for four million pounds of steel pipe for the new water power plant now building at Tacoma for the Pierce County Improvement Company, was placed in San Francisco today. This is the largest pipe line order ever placed on the Pacific Coast, and the plant which will be completed next fall, will be the largest water power plant in the world outside of Niagara.

SYMPATHY FOR PORTER.

PARIS, April 8.—The American Chamber of Commerce at a special meeting today adopted a resolution of condolence with the United States Ambassador on the death of Mrs. Porter. In the course of Consul-General Goudy's remarks on the occasion, he said General Porter had fought with Grant, Sherman and Sheridan on a hundred battlefields, but this was the saddest greatest battle of his life.

Do you like fancy shirt patterns? Good "hot stuff?" We have a lot of Cluett-Peabody shirts here that are the real thing. They're made to fit, the styles are right and the prices easy. We'll show you plenty of other nice wearables to go with these shirts; neckwear, underwear, etc. Then to be properly fitted your new suit must come from us. How about Fancy Vests? We have the swagger kind. Panama Hats ready too.

DR. HULME WOULD ARTILLERY MOWS NOT REFUSE STRIKERS PROMOTION

CLAIM MADE THAT HE HAS BEEN OVERLOOKED BY VESTRY-MEN.

It appears that all is not harmony at St. John's Episcopal Church over the call extended to the Rev. Alex. Stein, rector of the church at Lake Placid, New York.

Lake Placid is a suburb of New York, and the Episcopal Church there is attended by an aristocratic congregation. When the vestrymen of the local church were looking around for a successor to the late Rev. Robert Ritchie, the Rev. Dr. Stein was suggested to them by the Rev. Dr. Clappett of San Francisco, who was a schoolmate of Dr. Ritchie's.

The Rev. Dr. Stein has been acting pastor of the congregation and his friends assert that he has made a splendid showing, and that in view of the circumstances he ought to be considered for the position.

A gentleman who is closely connected with the affairs of the church, stated this morning that a large proportion of the congregation favored the candidacy of Dr. Hulme, and would like to see a call extended to him. Of course there is no open friction in the matter, but the friends of the acting pastor feel that he has rather been overlooked by the vestrymen who have been searching the United States for a man to take the place of their late lamented pastor.

As the matter now stands, Dr. Stein has agreed to come to Oakland and look over the field, and his advocates in St. Paul's assert that he would not for a minute think of accepting a call unless it would be unanimous and agreeable to a large majority of the members of the congregation.

The United Lutheran services of the Episcopal Churches will be held at St. Paul's this evening, at 8 p. m. The Rev. William Carson Shaw will preach the sermon.

WEEKLY PAY-DAY ILLEGAL.

INDIANAPOLIS, April 8.—The Supreme Court to-day declared unconstitutional the law enacted by the Legislature of 1899 providing for a weekly payday.
